Insectopedia - About
Insectopedia. A New York Times
Notable Book A stunningly
original exploration of the ties
that bind us to the beautiful,
ancient, astoundingly
accomplished, largely unknown,
and unfathomably different
species with whom we share the
world. For as long as humans
have existed, insects have been
our constant companions. Tue, 24

Problem Diagnosis & Repair -
And just because Hugh Raffles'
title, "Insectopedia," sounds a
little like a bug encyclopedia, it
likewise doesn't mean that I'm
going to like, or even read,
everything in it. And I didn't. But
gosh, what I DID read and liked
is more than enough to
recommend this book to any
serious non-fiction reader. Thu,
