CS4 Down & Dirty Tricks eBook
por Scott Kelby ... - Note: If I
take the psd file below (produced
in CS6) to my old mac running
CS4 and save as psd from
Photoshop CS4 then the resulting
pdf has no problems with the
font. From this I gather that the
psd file itself is good, as are the
font files. The problem is in the
save to pdf which works in CS4
but not in CS6 when using
exactly the same psd file. Tue, 28

Download - I really have to agree
with the posts that rate this as a
big disappointment ("Down &
Dirty Tricks CS4") Let me
quickly add that I am NOT a
graphic illustrator with deadlines
to meet so that the kind of
shortcuts addressed in this book
would prove VERY helpful. I've
used Photoshop for YEARS, way
back in the mid-90's when I
started with Elements. Fri, 27
