I admit that I don't read much poetry these days, but I heard a lot about Lang Leav so I was excited to read this collection. Overall, I liked it, however I was rather torn about the more modern structure of some poems, so it influenced my rating. Tue, 24 Nov 2020 17:12:00 GMT

In Search of Poetry of the Universe, by Daniel Osserman, Robert - Amazon.com Nester | Poetry Foundation - Poetry, in a general sense, may be defined to be 'the expression of the imagination': and poetry is connate with the origin of man. Man is an instrument over which a series of external and internal impressions are driven, like the alternations of an ever-changing wind over an Aeolian lyre, which move it by their motion to ever-changing melody.
