the Pacific. Thu, 26 Nov 2020 23:58:00 GMT William Least Heat-Moon - Wikipedia - The deep map became popular and most well known with PrairyErth: A Deep Map (1991). This deep map, written by William Least Heat-Moon, was an exploration of Chase County, Kansas. Chase County is the last remaining expanse of tall-grass prairie in the country. Wed, 25 Nov 2020 11:13:00 GMT What is a Deep Map? - wiseGEEK - Shelley Fishkin summarises that deep maps are "projects rather than products" (2011, p.3), because the "true" deep map remains open-ended and continues to invite new contributions and fresh queries. For Fishkin, deep maps are palimpsests because they allow multiple versions of events, texts and phenomena to be written over each other. Fri, 27 Nov 2020 12:08:00 GMT Deep Mapping | Geospatial Innovation in the Digital Humanities - Deep Maps: A Technique for Travel Writers An extract from The Soul Of Place "A Creative Writing Workbook: Ideas and Exercises for Conjuring the Genius Loci . By Linda Lappin "Deep map" is a term coined by Native American Writer William Least Heat-Moon in his extraordinary book of travel essays, PrairyErth: A Deep Map. After publishing a very successful "horizontal" travel book ... Thu, 18 Jun 2020 15:41:00 GMT Deep Maps: A Technique for Travel Writers - The maps show the varied landscapes of the ancient Earth through hundreds of millions of years of geologic time including distribution of ancient shallow seas, deep ocean basins, mountain ranges, coastal plains, and continental interiors. Tectonic

features shown include subduction zones, island arcs, mid-ocean ridges and accreting terranes. Wed, 04 Nov 2020 18:12:00 GMT Deep Time Maps, | maps of ancient Earth - A deep map is a map of a place rather than a space. Geographers often distinguish between place and space. Space is the grid of reference that we use in making maps: 31.7833° N, 35.2167° E is a pointer in space. Place, on the other hand, is the meaning that we make out of space. The latitude and longitude are the space, but the place is ... Deep Maps - Lincoln Mullen - PrairyErth (a deep map). By William Least Heat-Moon. Boston: Houghton Mifflin Company, 1991. 624 pp. \$24.95. This is a splendid book, ambitiously and self-consciously American, at once contemporary and a throwback to the American Renaissance, calling up Thoreau's travels in Concord and inquiries into nature, as well as hints of Mel-
