THOMAS ALVA EDISON Birth
and Parentage Thomas Alva
Edison, probably the greatest
inventor that America has
produced, was born at Milan,
Ohio, on February 11, 1847.
According to family records, the
paternal ancestor of the Edisons
landed in New Jersey, from
Holland, about the year 1730. The
family on Edison's mother's side,
the Elliotts, was

THOMAS ALVA EDISON -
National Academy of Sciences -
Thomas Edison Thomas Alva
Edison lit up the world with his
invention of the electric light.
Without him, the world might
still be a dark place. However, the
electric light was not his only
invention. He also invented the
phonograph, the motion picture
camera, and over 1,200 other
things. About every two weeks
Edison created something new.
